

TABLE OF CONTENTS

1. Introduction	1
1.1. Scope and Purpose of Evaluation	1
1.2. Method and Documents Reviewed	2
2. History and System Concept	2
3. Equipment and Materials	3
3.1. Soil Nail Launcher	3
3.2. Soil Nails	3
3.3. Reinforcement and Grout	4
3.4. Slope Facing	4
4. Design Method Evaluation.....	4
4.1. Performance Criteria	4
4.2. External Stability	5
4.3. Internal Stability	5
4.4. Design Comments	6
5. Evaluation of the Long-term strength of the Soil Nail.....	7
6. Contruction Specifications.....	8
7. Quality Control and Quality Assurance Procedures.....	8
7.1. Proof, Verification, and Creep Testing	8
7.2. Surveying and Visual Inspection	9
7.3. Materials Testing	9
8. Performance Review.....	9
8.1. Cost	10
References.....	11
Appendices.....	13
A. Figures	15
B. Performance Guide Specification	21
C. Pullout Tests Data	25
D. Project Case History	37
