

TABLE OF CONTENTS

List of Figures	v
List of Tables	vi
Executive Summary	1
1. Introduction	3
2. Background	5
3. Overview of Facing Types	7
3.1 Soft Vegetated Facings	8
3.1.1 Reinforcement Wrapping	8
3.1.2 Rolled Erosion Control Products	9
3.1.3 Welded Wire Forms.....	10
3.1.4 Bioengineered Facings	12
3.2 Hard Facings	13
3.2.1 Granular Facing.....	13
3.2.2 Geocells	14
3.2.3 Rock Filled Units.....	15
3.2.4 Concrete Units (Panels, Blocks and Plantable Units)	16
4. Facing Selection Criteria	19
4.1 Geometric Properties	21
4.1.1 Slope Angle	21
4.1.2 Stepped vs. Smooth Geometry	21
4.2 Reinforcement	21
4.3 Surficial Stability	22
4.4 Vegetation	22
4.4.1 Plant Types.....	23
4.4.2 Native Vegetation.....	24
4.4.3 Engineering Characteristics	24
4.4.4 Climate Criteria	25
4.4.5 Vegetation Placement	25
4.4.6 Characteristics Limiting Plant Growth.....	26
5. Surface Drainage Considerations	27
6. Maintenance	29
6.1 Soft Vegetated Facing	29
6.2 Hard Facing.....	29
7. References	31
Appendix: Example Facing Details	33
Unwrapped Face with Vegetation	A1
Unwrapped with Stone Veneer Facing.....	A2
Wrapped Face with Vegetation	A3
WWF with Wrapped Reinforcement and Vegetation (Sloped).....	A4
WWF with Wrapped Reinforcement and Vegetation (Stepped).....	A5
WWF with Wrapped Reinforcement and Rock Fill	A6

Bioengineered Face.....A7
Sloped Geocell.....A8
Stepped Geocell.....A9
Reno Mattress Facing..... A10
Stepped Gabion Facing..... A11
Plantable Concrete Units A12
