

<b>Table of Contents</b>	pg
Introduction -----	1
A Note About Accuracy -----	1
Computer Programs for Lateral Load Analysis -----	1
CLM -----	1
COM624P -----	1
Lpile Plus 3.0 <sup>®</sup> -----	3
LTBASE -----	3
SWM -----	4
Computer Programs for Axial Load Analysis -----	5
Apile Plus 3.0 <sup>®</sup> -----	5
Driven -----	5
Shaft Version 4.0 <sup>®</sup> -----	6
Spile -----	6
UniPile <sup>®</sup> -----	6
Computer Programs for Analysis of Pile Groups ---	7
Group 4.0 <sup>®</sup> -----	7
FIPier -----	8
SWM -----	8
Program Ratings -----	9
Comparative Analysis -----	9
Laterally Loaded Pile Examples -----	11
Laterally Loaded Drilled Shaft Examples -----	11
Axially Loaded Pile Examples -----	14
Axially Loaded Drilled Shaft Examples -----	14
Pile Group Examples -----	14
<b>Appendix A - Overview of Programs -----</b>	<b>24</b>
<b>Appendix B - Program Features -----</b>	<b>37</b>
Table B1-Lateral Load Analysis -----	38
Table B2-Axial Load Analysis -----	41
Table B3-Group Analysis -----	44
<b>Appendix C - References -----</b>	<b>46</b>

<b>List of Tables</b>	pg
Table 1 Rating of Computer Programs -----	10
Table 2 Computer Program Times Required for Input and Analysis -----	10

<b>List of Figures</b>	
Figure 1 CLM Spreadsheet -----	2
Figure 2 COM624P Input -----	3
Figure 3 Lpile Input -----	3
Figure 4 Lpile Output -----	4
Figure 5 SWM Input -----	4
Figure 6 Apile Input -----	5
Figure 7 Driven Input -----	6
Figure 8 Spile Input -----	7
Figure 9 UniPile Input -----	7
Figure 10 FIPier Output -----	9
Figure 11 Default p-y Curve Variation -----	11

<b>Examples</b>	
Figure 12 Laterally Loaded H-Pile Clay Example -----	12
Figure 13 Laterally Loaded H-Pile Sand Example -----	13
Figure 14 Flexural Rigidity of a Reinforced Concrete Drilled Shaft -----	11
Figure 15 Laterally Loaded Drilled Shaft Clay Example -----	15
Figure 16 Laterally Loaded Drilled Shaft Sand Example -----	16
Figure 17 H-Pile Axial Capacity Clay Example -----	17
Figure 18 H-Pile Axial Capacity Sand Example -----	18
Figure 19 Drilled Shaft Axial Capacity Clay Example -----	19
Figure 20 Drilled Shaft Axial Capacity Sand Example -----	20
Figure 21 H-Pile 2x3 Group Configuration -	21
Figure 22 p-Multiplier Design Curve -----	21
Figure 23 Laterally Loaded Pile Group Clay Case -----	22
Figure 24 Laterally Loaded Pile Group Sand Case -----	23
