

Table of Contents

Introduction.....	3
Underground Cavity Detection Methods.....	4
Electrical Resistivity	5
Ground Penetrating/ Probing Radar.....	6
Electromagnetic Radar Techniques	7
Micro-gravimetric and Gravity Gradient Techniques	8
Seismic Methods.....	9
Sonar / Acoustic Methods	10
Infrared Techniques	11
Magnetic Techniques	12
Temperature Anomalies.....	13
Abstracts, Arranged Alphabetically by First Author.....	14
References	58
